

Formal Publications -- 1996-2000

- Askelson, M. A., J. P. Aubagnac, and J. M. Straka, 2000: An adaptation of the Barnes filter applied to the objective analysis of radar data. *Mon. Wea. Rev.*, **128**, 3050-3082.
- Atkins, N., R. Wakimoto, and C. Ziegler, 1998: Observations of the fine-scale structure of a dryline during VORTEX 95. *Mon. Wea. Rev.*, **126**, 525-550.
- Bahrman, C. P., and V. K. Saxena, 1998: Influence of air mass history on black carbon concentrations and regional climate forcing in southern United States. *J. Geophys. Res.*, **103**, 23153-23161.
- Bartels, D. L., J. M. Brown and E. I. Tollerud, 1996: Structure of a mid-tropospheric vortex induced by a mesoscale convective system. *Mon. Wea. Rev.*, **125**, 193-211.
- Bateman, M.G., K.B. Eack, W.D. Rust, and T.C. Marshall, 1999: Electrical current along balloon rigging line inside thunderstorms. *Atmos. Res.*, **51**, 323-335.
- Bateman, M.G., T.C. Marshall, M. Stolzenburg, and W.D. Rust, 1999: Precipitation charge and size measurements inside a New Mexico mountain thunderstorm. *J. Geophys. Res.*, **104**, 9643-9653
- Beasley, W H, K Eack, H Morris, W D Rust, and D R MacGorman, 2000: Electric-field changes of lightning observed in thunderstorms. *Geophys. Res. Lett.*, **27**, 189-192.
- Bedient, P.B., B.C. Hoblit, D.C. Gladwell, and B.E. Vieux, 2000: NEXRAD radar for flood prediction in Houston. *ASCE J. of Hydrologic Engineering*, in press.
- Blanchard, D.O., 1998: Assessing the vertical distribution of convective available potential energy. *Wea. Forecasting*, **13**, 870-877.
- Blanchard, DO., W. R. Cotton, and J.M. Brown, 1998: Mesoscale circulation growth under conditions of weak inertial instability. *Mon. Wea. Rev.*, **126**, 118-140.
- Bluestein, H.B. and D.R. MacGorman, 1998: Evolution of cloud-to-ground lightning characteristics and storm structure in the Spearman, Texas tornadic supercells of 31 May 1990. *Mon. Wea. Rev.*, **126**, 1451-1467.
- Bluestein, H.B., E. Rasmussen, R. Davies-Jones, R. Wakimoto and M.L. Weisman, 1998: VORTEX workshop summary, 2-3 December 1997, Pacific Grove, California. *Bull. Amer. Meteor. Soc.*, **79**, 1397-1400.
- Bond, N. A., C. F. Mass, B. F. Smull, R. A. Houze, M.-J. Yang, B.A. Colle, S. A. Braun, M.A. Shapiro, B.R. Colman, P.J. Neiman, J.E. Overland, W.D. Neff, and J.D. Doyle, 1997: The Coastal Observation and Simulation with Topography (COAST) Experiment. *Bull. Amer. Meteor. Soc.*, **78**, 1941-1955.
- Brandes, E.A., A.V. Ryzhkov, and D.S. Zrnic, 2000: An evaluation of radar rainfall estimates from specific differential phase. *J. Atmos. and Oceanic Technol.*, accepted.
- Braun, S. A., R. A. Houze Jr., and B. F. Smull, 1997: Airborne dual-Doppler observations of an intense frontal system approaching the Pacific Northwest coast. *Mon. Wea. Rev.*, **125**, 3131-3156.
- Brock, F. V., and S. J. Richardson, 2001: *Meteorological Measurement Systems*. Oxford University Press, in press.
- Brooks, H. E., and C. A. Doswell III, 1996: A comparison of measures-oriented and distributions-oriented approaches to forecast verification. *Wea. Forecasting*, **12**, 288-303.

- Brooks, H. E., A. Witt, and M. D. Eilts, 1997: Verification of public weather forecasts available via the media. *Bull. Amer. Meteor. Soc.*, **77**, 2167-2177.
- Brooks, H.E., and D.J. Stensrud, 2000: Climatology of heavy rain events in the United States from hourly precipitation observations. *Mon. Wea. Rev.*, **128**, 1194-1201.
- Brotzge, J.A., C.E. Duchon, S.J. Richardson, S.E. Fredrickson, and D.L. Grimsley, 2000: Evaluation of a domeless net radiometer, *J. Atmos. Oceanic Technol.*, submitted.
- Brown, R.A., 1998: Nomogram for aiding the interpretation of tornadic vortex signatures measured by Doppler radar. *Wea. Forecasting*, **13**, 505-512.
- Brown, R. A., J. M. Janish, and V. T. Wood, 2000: Impact of WSR-88D scanning strategies on severe storm algorithms. *Wea. Forecasting*, **15**, 90-102.
- Brown, R. A., V. T. Wood and D. Sirmans, 2000: Improved WSR-88D scanning strategies for convective storms. *Wea. Forecasting*, **15**, 208-220.
- Burde, G., A. Zangvil, and P. J. Lamb, 1996: Estimating the role of local evaporation in precipitation for a two-dimensional region. *J. Climate*, **9**, 1328-1338.
- Chau, J. L., R. J. Doviak, A. Muchinski, and C. L. Holloway, 2000: Tropospheric measurements of turbulence and characteristics of Bragg scatterers, using the Jicamarca VHF radar. *Radio Sci.*, **35**, 179-193.
- Chen, C.-R., and P. J. Lamb, 1997: Improved treatment of surface evapotranspiration in a mesoscale numerical model. Part I: Via the installation of the Penman-Monteith Method. *Terrestrial, Atmos. and Oceanic Sci.*, **8**, 481-508.
- Ciach, G., M.L. Morrissey, and W.F. Krajewski, 2000: Conditional bias in radar rainfall estimation, *J. Appl. Meteor.*, accepted.
- Cifelli, R., S. A. Rutledge, D. J. Boccippio, and T. Matejka, 1996: Horizontal divergence and vertical velocity retrievals from Doppler radar and wind profiler observations. *J. Atmos. Oceanic Technol.*, **13**, 948-966.
- Cohn, S. A., C. L. Holloway, S. P. Oncley, R. J. Doviak, and R. J. Lataitis, 1997: Validation of a UHF spaced antenna wind profiler for high resolution boundary layer observations. *Radio Sci.*, **32**, 1279-1296.
- Colle, B.A., C.F. Mass and B.F. Smull, 1999: An observational and numerical study of a cold front interacting with the Olympic Mountains during COAST IOP5. *Mon. Wea. Rev.*, **127**, 1310-1334.
- Cooper, M. A., R. Holle, and R. López, 1999: Recommendations for lightning safety. *J. Amer. Med. Assoc.*, **282**, 1132-1133.
- Cooter, E., M. B. Richman, P. J. Lamb, and D. A. Sampson, 2000: The development of a climate change data base for biological assessments in the Southeastern United States. *Climatic Change*, **44**, 89-121.
- Cortinas, J.V., Jr., J.M. Straka, W. H. Beasley, J.M. Schneider, and C.M. Machacek, 1996: The research experiences for undergraduates program: The 1995 program at the Oklahoma weather center. *Bull. Amer. Meteor. Soc.*, **77**, 2925-2936.
